# RENOVATE YOUR *Bathroom & Laundry* WITH PRECISE

**Add value to your home and improve your lifestyle.  
There's no better time than now.**

## ➔ Quality Renovation

A quality bathroom or laundry renovation will generally cost between \$3,800 - \$4,600 per m<sup>2</sup> of floor (excluding sanitaryware & fittings). This includes full demolition, new drains, alterations to water pipes and electrical cables, supply and laying of tiles from floor to ceiling, semi-frameless shower screen and painting.

## ➔ High-end Renovation

A 'high-end' bathroom or laundry renovation will generally cost between \$4,600 - \$6,600 per m<sup>2</sup> of floor (excluding sanitaryware & fittings). This includes the Quality Renovation inclusions as well as new doors, windows, ceilings, underfloor heating and painting.

## ➔ Selections

When renovating with Precise, we'll arrange sanitaryware and tile selection appointments for you with one of our professional and experienced supply partners. They'll take the stress and pressure away from the selections process and make it a comfortable and exciting experience.

## ➔ Protecting your home

A Precise renovation starts with respecting your property and minimising inconvenience. All access to and from the renovation area are protected and maintained for the duration of the renovation. All floor surfaces are protected with 'Ramboard', and doors and windows are masked to avoid any dust escape. A dedicated vacuum cleaner is left on site to ensure all mess is cleaned and contained. All rubbish is removed from site. Every attempt is made to ensure minimal disruption or inconvenience to your normal day to day life.

## ➔ Project Management

All Precise renovations have a dedicated Project Manager to ensure your project runs smoothly and without delay. There is also a dedicated office contact assigned to your project to assist with all administrative tasks as well as booking tile and sanitaryware selection times.

## ➔ You're in safe hands

If a bathroom or laundry renovation is something you've been contemplating, then call us today to arrange a no obligation on-site consultation and quote. At Precise we're always
